The Open University (OU) has launched a [new free online course for people housing, caring for or working with Ukrainians in the UK](#). The course focuses on Ukrainian culture and language and has been developed specifically for UK residents hosting refugees, and service providers working with people who have arrived from Ukraine.

Providing an insight into Ukrainian language, food, housing, and healthcare as well as other cultural elements, the course is hosted on the OU's popular platform, Open Learn. Learners on the course will also have a chance to chat in the forums provided, to find out more about supporting Ukraine's struggle and other Ukraine-related topics.

Alongside the new course, [the OU has also translated into Ukrainian its package of free online resources for Ukrainian refugees](#) in the UK including courses from English language to articles on writing a CV.

Please click on the above links in the text to discover more.

Best wishes *Sarah*
