	Scheme details			
	The STAND WITH US FUND was set up to address the critical lack of investment in frontline			
	organisations supporting women and girls who experience male violence.			
	Originally started with money raised by Reclaim These Streets in the wake of the appalling kidnap,			
	rape and murder of Sarah Everard by a serving Metropolitan Police Officer, the fund exists to make			
	the UK safer for all women and girls.			
	The fund supports organisations to become stronger and more effective; better meeting the needs			
	of women and girls and influencing wider change for all women and girls across the UK.			
	Organisations can apply for up to £25,000 to fund areas related to organisational development,			
	including strategy, governance, leadership, having a stronger voice within the women's movement,			
	building alliances, fundraising, impact, systems and processes.			
	This fund is for organisations that have an income of between £100,000 and £500,000 (from their			
	last set of annual accounts).
