

Invitation

Engagement survey launched on Welfare Supplementary Payment Schemes

From: DfC Corporate Communications

To: DfC Subscribers

Date: 6 August 2024

Dear Subscriber,

A survey on the current Welfare Supplementary Payment Schemes has been added to the Department for Communities website:

[Engagement Survey on Welfare Supplementary Payment Schemes](#)

The results of this will help inform decisions on the future of the Welfare Supplementary Payment schemes.

The Department is interested to hear views on how the current Welfare Supplementary Payment Schemes are working to help inform decisions on any future welfare mitigation package.

The survey will remain open for response until **Friday 6 September 2024**.

The Department will then produce a report setting out an assessment of the operation of each of the ongoing Welfare Supplementary Payment schemes by 31 March 2025, publishing this online and laying it before the Assembly.

Those interested in contributing to the engagement can access the link here on the Communities website, [Engagement Survey on Welfare Supplementary Payment Schemes](#).

Regards,

DfC Corporate Communications
