

The public consultation on the Active Travel Delivery plan was launched on 13 November 2024 and runs until 28 February 2025. The Plan sets out how the Department for Infrastructure will prioritise and deliver high-quality active travel infrastructure for shorter everyday journeys within urban and rural settlements over the next 10 years and beyond.

By commenting on our proposals, everyone can help shape the developing active travel network in their area and the Department's overall approach to active travel investment.

We will be holding a public engagement event in each Council area during the consultation period. These events will give the public the opportunity to find out more information about the Delivery Plan, view the proposed network maps in more detail and ask questions before responding to the consultation.

The next 4 events will be held as follows:

Burnavon Centre, Cookstown - Monday 20th January, 2pm – 7pm

Craigavon Civic and Conference Centre – Tuesday 21st January, 2pm – 7pm

Downshire Civic Centre, Downpatrick - Wednesday 29th January, 2pm – 7pm

The Braid, Ballymena – Monday 3rd February, 2pm – 7pm

We also plan to hold an on-line event in February. We will provide details of this event and other in person events in due course.

We would be grateful for your assistance in encouraging people to engage with the consultation.

The consultation can be accessed on the Department's website at <https://www.infrastructure-ni.gov.uk/consultations/active-travel-delivery-plan>
